

NORDIC KNOTS

UNTITLED 1 - DUSTY WHITE/BLACK - 140X200 CM

Danish contemporary artist Carsten Beck Nielsen 'paints' geometric shapes with a shaggy hand-knotted wool pile across a flat-woven wool canvas. The angular shapes are inspired by different geometric and mathematical forms. Crafted from New Zealand wool for an irresistibly soft and durable texture and a timeless statement rug that last. The Untitled collection is handmade in small batches. Only a few in each size are available.
