

# NORDIC KNOTS

NOMAD - SAND - 140X200 CM

Inspired by the heritage of Nordic nomadic tattoos we have collaborated with renowned tattoo artist Erik Lööf of Stockholm Classic Tattoo Studio to create a unique design for the home of modern nomads around the world. The Nomad Collection is hand-knotted with high quality wool. With a shaggy 42 mm wool pile for a cozy feeling. Wherever you have been and wherever you are going, the Nomad rug will make you feel right at home. The Nomad collection is handmade in small batches. Only a few in each size are available.
