

NORDIC KNOTS

GARANCE - MOSS - 170X222 CMS

Parisian artist Garance Vallée reimagines the rugs of our signature Grand collection with totemic cut-outs and transformed angles. Presenting a sculptural trio of rugs that can be used as independent pieces or be combined, as the different shapes in the collection fit together like a puzzle. The artisan-made pieces feature a cut-pile design crafted from supremely soft and durable New Zealand wool. The Garance collection is handmade in small batches. Only a few in each size are available.
