

NORDIC KNOTS

FOLDING RIBBON - BURGUNDY - 140X200 CM

Designed by Campbell-Rey for Nordic Knots. Combining the duo's captivating use of color and decorative sensibility with the restraint of Nordic neoclassicism. Crafted from supremely soft and durable New Zealand wool, with motifs like the wreath and the folding ribbon alongside ideas inspired by the history of garden design. Folding Ribbon is a modern reimagination of the ribbons and swags emblematic of 18th-century Gustavian decor, where bold ruby red contrasts sharp auburn folds in a mesmeric trompe l'oeil pattern. The Campbell-Rey collection is handmade in small batches. Only a few in each size are available.
