

NORDIC KNOTS

CLIMBING VINE - OLIVE - 140X200 CM

Designed by Campbell-Rey for Nordic Knots. Combining the duo's captivating use of color and decorative sensibility with the restraint of Nordic neoclassicism. Crafted from supremely soft and durable New Zealand wool, with motifs like the wreath and the folding ribbon alongside ideas inspired by the history of garden design. Climbing Vine parades serpentine verdant foliage, dramatic and graphic in its outline, shooting around the edges of a lush, olive green foundation. The Campbell-Rey collection is handmade in small batches. Only a few in each size are available.
