

NORDIC KNOTS

GARDEN MAZE - BLUE - 140X200 CM

Designed by Campbell-Rey for Nordic Knots. Combining the duo's captivating use of color and decorative sensibility with the restraint of Nordic neoclassicism. Crafted from supremely soft and durable New Zealand wool, with motifs like the wreath and the folding ribbon alongside ideas inspired by the history of garden design. Garden Maze features a geometric pattern inspired by the formal gardens of Russell Page. Harmonious tones of Prussian blue come alive in a similar play on perspective, recalling the light and shadows of a labyrinthine skyline. The Campbell-Rey collection is handmade in small batches. Only a few in each size are available.
