

NORDIC KNOTS

ARJÉ - FAMILY - 140X200

A collection of rugs designed by Bessie Afnaim Corral and Oliver Corral of ARJÉ. Combining the warm and vibrant Mediterranean aesthetic with the sharp, understated coolness of the Nordics. Merging old-world richness with contemporary minimalism. The motifs are inspired by the work of Cubist artists and their abstract and fragmented expression. Family, a soft cut-pile design in a warm Antique White, is designed to suggest the home you can form with others and the peculiar comfort of finding the people whose idea of home matches your own. The ARJÉ collection is handmade in small batches. Only a few in each size are available.
