FOLDING RIBBON - 140X200 CM

Designed by Campbell-Rey with a colorful and art deco-influenced sensibility and the floral motifs of Gustavian style, the neoclassicism of the North. Dating back to the 1780s, with motifs like the wreath and the folding ribbon, alongside ideas taken from the history of garden design, at the heart of this collection. Folding Ribbon is a modern interpretation of the ribbons and swags that appear in late 18th-century furniture of the Gustavian style. In raspberry pink and amber, this 3D trompe l'oeil pattern looks strikingly modern despite its roots in a 250-year-old aesthetic. The Campbell Rey collection is handmade in small batches. Only a few in each size are available.
