GILD 03 - LEOPARD - 300X400CM

Inspired by our Gild collection from the Swedish Grace, a design movement of the early 20th century, deeply rooted in Neoclassicism. Gild embodies a world of modern elegance. The collection draws on the principles of this classic style with designs and patterns that we have reinterpreted for today. Gild 03 is the modern interpretation of the most classic of animal patterns: soft sand and copper tones reminiscent of leopard spots. Lined with lustrous golden bamboo silk. Our Gild collection is handmade in small quantities. In each size, only a few pieces are available.
