GILD 01 - FRAME - 300X400CM

Inspired by our Gild collection from the Swedish Grace, a design movement of the early 20th century, deeply rooted in Neoclassicism. Gild embodies a world of modern elegance. The collection draws on the principles of this classic style with designs and patterns that we have reinterpreted for today. Gild 01 emphasizes the essence of line and form with a background in Dusty White, framed by a bold black. Lined with delicate golden bamboo silk. The Gild collection is handcrafted in small quantities. Only a few pieces are available in each size.
