GILD 01 - FRAME - 300X400CM

Inspired by the Swedish Grace period, the early 20th-century design movement deeply rooted in neoclassicism, the Gild collection encapsulates a world of sophisticated, modern elegance. Echoing the principles of this classical style with designs and patterns reimagined for the modern day. Gild 01 highlights the essence of line and form with a dusty white backdrop framed by bold, solid black. Lined with intricate golden bamboo silk. The Gild collection is handmade in small batches.
