TRADITION 02 - BROWN - 140X200 CM

Tradition draws on heritage craftsmanship with a contemporary palette and pattern. Each area rug is handwoven using a specially spun wool, dyed in multiple signature hues which reveals subtle color richness and depth up close. With tones carefully chosen to easily place in interiors, it gracefully picks up surrounding colors, ensuring a timeless, sophisticated look in any space. The Tradition collection is handmade in small batches. Only a few in each size are available.
